SNOW-BOUND SANTA TO AID SECURITY GROUND-BREAKING

It's going to snow in Palm Springs Saturday!

And at least a small part of the Village will look like a little Os-wego, according to ex-officio weather prognosticators.

This off-the-cuff forecast came from Herbert Samson, vice president of Security-First National Bank, who said the downtown blizzard will coincide with ground-breaking ceremonies for the bank's new \$450,000 Palm Springs branch at 1 p.m.

SAMSON SAID a full seven inches of the cold, wet stuff will cover the ground-breaking site at the intersection of Ramon Road and Indian Avenue.

But he advised Villagers to leave their furs at home — this snow is the Hollywood variety, concocted by a snow machine imported from a motion picture studio by Security-First National.

THE PORTABLE snow storm is expected to provide smooth sledding for the main guest of honor at the big ground-breaking program—Santa Claus, in person. Santa, riding a sleigh drawn by five Alaskan huskies, will be accompanied by the Palm Springs

CC Decorations To Be Judged Thursday Night

CATHEDRAL CITY — Thursday night members of the Christmas decoration committee will start judging the local lighting contest sponsored by the Cathedral City Chamber of Commerce.

No application need be filled out, and the only requirement to enter the contest is that the residents and businessmen of the area area asked to complete their decorations and have them lighted between 6:30 and 9 o'clock Thursday night.

Separate classifications have been set up for the residences, Highway 111 businesses, off-Highway 111 businesses, and trailer parks. Trophies and plaques will be offered for the most attractive Christmas lighting.

Weather

Desert Area Forecast:
Sunny today and Thursday. Slightly warmer today with highs 63-73 upper valleys, 73-83 lower valleys.
Yesterday's high, 79, low, 37.

YULE, NEW YEAR'S TO BE HOLIDAYS FOR 'SUN,' TOO

Staff members of The Desert Sun will join resort area residents in taking Christmas and New Year's holidays — but there will be no shortage of newspapers for Sun readers.

The Sun will not be published on Christmas Day or New Year's Day, but extra editions will be on the streets Monday, Dec. 22, and Monday, Dec. 29.

These special Monday editions will give merchants an opportunity to advertise their last-minute holiday bargains and will also serve hotel and night club operators wishing to publish additional reminders on their New Year's Eve party programs.

Advertising deadlines for both editions are 5 p.m. on the preceding Friday for Display ads and 11 a.m., Saturday, for Classified advertising.

Following the holidays, The Desert Sun will resume its regular Tuesday through Saturday publication schedule.

Blatz Gains Presidency Of Boys Club

Bottomoff, Ford Veeps; Schlecht, Goudry Gain Key Positions

In a complete reorganization of the governing body of the Palm Springs Boys Club today, long-time Villager Val Blatz was elected president of the organization.

In setting up the organization for the future years of the Boys Club, the Board of Directors was divided into three terms of office, three, two and one year. Each year an election of one-third of the board will be held.

OTHER OFFICERS named for the coming year were: Don Bottomoff, first vice president; William Ford, second vice president; Jim Schlecht, secretary; and Don Goudry, treasurer.

Elected to three year terms on the board were Blatz, Bottomoff, Ford, Goudry, Raymond Cree, (an honorary director elected to the board), Jess Farmer, Art Jarrett and Helen Morris.

ELECTED FOR two year terms were Dewey Carter, Jim Cavett, August G. Kettmann, Ward J. Risold, Jim Schlecht, Joe Weiger, Adrian Rosen and Ray Lusby.

Elected for one year were Bob Blashek, Walter Melrose, Jimmy Morton, Parry O'Brien, Dr. Joe Sarge, Jerry Sanborn, Scotty Rubin and John Mount.

Those who previously served on the board during the building program and who were not re-elected or who had resigned were: Don Derbus, Warren Linville, Joe Henderson, Andrea Leeds Howard, Charlotte Hutchens and Frank Bennett.

GIVE YOURSELF CHRISTMAS GIFT, DONATE BLOOD

Want to give yourself a Christmas present—the kind of present that may someday save your life or the life of a friend or family member?

Then visit the Riverside - San Bernardino two - county blood bank when it arrives next Monday and add a pint of blood to your "bank account."

The mobile blood bank unit will be at Desert Hospital from 11 a. m. to 1 p. m. The normal bank quota is 25 pints, but hospital officials hope that Villagers will exceed the quota for the holiday season.

Blood received from Village donors is credited to their accounts or accounts of organizations which they stipulate. The life-saving fluid is used in emergencies—in cases where your pint of blood may be the difference between life and death.

And the next emergency might be yours.

"THIS IS THE SITE," says pioneer Village Realtor John Williams as he points out the location of land he has donated to the Palm Springs Animal Protective League for a new animal shelter building. Looking on are, left to right, Dwain Clark, league attorney; Mrs. Bryan Boyd, league treasurer, and Mrs. Kenneth Grow, league president. Mrs. Grow is holding the land title signed by Williams. JOHN WILLIAMS GIVES ACRE TO LEAGUE FOR SHELTER

Palm Springs animal lovers today prepared to build their new animal shelter on a one-acre site donated by John Williams, pioneer Village real estate man.

Williams yesterday handed a clear title to the land, located on East Camino Parocela, just off Ramon Road, to Mrs. Kenneth Grow, president of the Palm Springs Animal Protective League.

Mrs. Grow immediately announced that the league expects to break ground on its new animal shelter within the next two months.

Three Parcels of Indian Land Offered for Bid Sale

Three parcels of Agua Caliente Indian land, located within the city limits of Palm Springs, were put up for bids by the Bureau of Indian Affairs this week.

Totalling some 100 acres, two of the parcels are located a half mile south of Ramon Road and west of El Cielo, and the other is in Section 2 off Indian Avenue near Racquet Club Road.

INVITATIONS FOR sealed bids are being mailed to persons who have indicated an interest in purchasing Indian lands in Southern California, and the bids will be received at the local Bureau of Indian Affairs office until 10 a.m., Jan. 15, at which time they will be opened. In accordance with the Bureau policy, the appraised values of these properties will not be disclosed.

The properties, included in the sale, and the description and ownership of each are:

THE NE 1/4 SE 1/4 of Section 24, T4S, R4E, S.B.B.&M., containing approximately 40 acres, belonging to Clara Segundo Bow. This parcel is subject to a road right-of-way 40 feet wide on the east boundary.

The S 1/4 SW 1/4 of Section 24, T4S, R4E, S.B.B.&M., containing approximately 20 acres, belonging to Dorothy Segundo Rice.

The NE 1/4 SW 1/4 of Section 2, T4S, R4E, S.B.B.&M., containing approximately 40 acres, belonging to the heirs of Rafaela Mae Bow.

Additional information and copies of bid forms may be obtained at the Palm Springs office or at Sacramento Area office, Bureau of Indian Affairs, P. O. Box 749, Sacramento, California.

Two AF Thors Hit Targets in Atlantic, Pacific

VANDENBERG AFB, Calif. (UPI) Two powerful Thor intermediate range ballistic missiles, fired within four hours of each other Tuesday, "went the full program range" into the Pacific and Atlantic oceans, missile sources revealed today.

"The missiles went right down the pickle barrel," an unofficial spokesman admitted on the basis of information from this new western missile base at Cape Canaveral, Fla., as the aftermath of a double-barrel launching of the Thors.

"The Thor boys had a field day in less than six months after contracts were signed for operational missiles.

"Both missiles went the full range, landing within five miles of the intended impact point. And that would be close enough if they were carrying atomic warheads."

50 More Near Death In Hospitals

Faulty Wiring in Nativity Display Blamed for Disaster

BOGOTA, Colombia (UPI) — A fire which started in a Christmas Nativity display swept through the crowded Veda department store Tuesday night in one of the worst holiday tragedies in Bogota's history.

At least 98 persons died in the flames and smoke — many of them trampled and smothered in the panic that followed the first dreaded cry of "fire." An estimated 200 others were injured, of whom about 50 were near death today.

THE FIRE STARTED at 5:25 p. m. while the store was crowded with Christmas shoppers, most of them women and children. A fire department official said the blaze was caused by a short circuit in the colored lights of the Nativity display in the center of the ground floor.

The flames, fed by paper and straw in the simulated manger of the Christ child, leaped to nearby counters piled high with inflammable plastic toys and gifts.

IN A MATTER OF seconds, the flames raced across the ground floor, trapping scores of persons in the windowless, doorless rear portion of the building. Dense smoke filled the store.

Firemen reached the scene only two and a half minutes after the alarm sounded. But by then the whole front of the store was aflame.

Many were trapped, and investigations were underway to determine if the store's doors had been ordered locked to prevent theft.

WITHIN AN HOUR, the blaze was under control. But the scene inside the store was grim.

One fireman said bodies of many of the victims were piled against the back wall of the store's ground floor. They apparently had milled about desperately and blindly there until they fell. Most were asphyxiated.

THE INJURED were taken to the hospital of San de Dios and other institutions. Some were placed in oxygen tents. Some were given blood transfusions.

Friends and relatives crowded morgues and hospitals this morning, hunting for their loved ones. By dawn, every available coffin in Bogota had been used, and additional ones were brought in from nearby communities to hold the dead.

BEDS FOR FAMILY OF SIX IS COUNTY CHRISTMAS PLEA

It'll be a crowded — and probably sleepless — Christmas for at least one Palm Springs family, unless some warmhearted Villagers respond to their need.

This is a family of six, including four children ranging from 3 1/2 to 17 years of age, who are crowded into living quarters consisting of two small rooms.

They are desperately in need of bunk beds for their youngsters, and Villagers with beds to spare are asked to contact Bill Alcorn, at the county offices here.

If you have empty bunk beds that may be occupied by youngsters of this needy family, call Alcorn at FA 5-6500.

Driver's Negligence Held Cause of Two Road Deaths

Negligence on the part of a fatally injured driver was today reported as the cause of a Palm Canyon Drive auto crash that claimed two lives Saturday.

Members of a county coroner's jury yesterday ruled that the two-car crash was caused by negligence of Frank Weiner, 61, of Los Angeles, who was instantly killed in the head-on collision.

FOLLOWING TESTIMONY by Police Traffic Sgt. Nick Maff, the jury agreed that Weiner was driving on the wrong side of the road when his car smashed into an auto driven by 18-year-old Joyce Harvey, of San Bernardino, on North Palm Canyon Drive, near San Rafael.

Also killed in the crash was Weiner's wife, Mary, 48.

Four other persons were injured in the crash. Lee Dante, 31, of Ontario, a passenger in the car driven by Miss Harvey, is still in "very critical" condition at Desert Hospital.

DANTE, OWNER of the car driven by the girl, suffered fractured ribs, internal injuries and brain injury, hospital officials said.

Others injured were Miss Har-

Newest, Most Luxurious Mayfair Market to Open Here Thursday

The newest, most luxurious market in Southern California — the rambling, desert-inspired Mayfair Market at Cameron Center here — opens its doors for the first time with a ribbon cutting ceremony at 8:30 a.m., tomorrow.

Mayor Frank Bogert will officiate at the formal dedication of the 20,000 square foot food emporium, described as "Mayfair's most beautiful market" by Robert Bernstein, director of building for the market chain.

THE NEWEST addition to Mayfair's growing roster of food stores throughout Southern California opens on an easternly ele-

vation of the Village while the western doors of the store open onto a panoramic view of Mt. San Jacinto.

The grand opening of the new store — which boasts a battery of automatic, in-and-out doors on both entrances and is completely air-conditioned for heating in the winter, cooling in the summer — will feature a number of prizes for lucky customers. Mayfair Market Director Jim Streeter disclosed. Included are an RCA Whirlpool gas range, a nine-cubic foot GE refrigerator, a GE automatic dishwasher, all for Jan. 3, a disburial, and a Shetland pony, to be given away on Jan. 10.

THE STORE WILL be among the most complete food merchandising plants in the Western United States and the most modern market in Riverside County, Streeter declared. With all purchases, he added, go S&H Green Stamps, a customer bonus for Mayfair shoppers.

"No market today has its departments broken down or food catalogued so completely as Mayfair," Streeter declared.

TO BACK UP his statement, he named five managers who are in charge of specific departments. Ray Allen heads the grocery department, Eddie Sells heads the

meat division, Art Long is in charge of produce, Lou Bass directs delicatessen operations and Mel Yarus heads the liquor department.

"What's more," Streeter continued, "we've got those main divisions separated and broken down even further. How many markets do you know that have a dried fruits and nuts section?"

"Look at the rows of household materials. They're complete. They haven't left anything out."

"WE HAVE, IN our delicatessen department, a fancy foods section of delicacies that would See MAYFAIR, Page 9A

PHIL HARRIS TO 'REPORT' ON TOUR OF MAYFAIR HERE

Harris will give a counter-by-counter account of his shopping ventures in a half-hour broadcast at 10 a. m., Thursday, opening day of the new Mayfair Market.

The program will be aired from the market daily, except Sunday, by KDES announcer Don Meyer.

Fallout Check

County May Set Up Monitoring

Clifton Seymour, county air pollution control engineer told the Board of Supervisors this week that radiological monitoring should be set up as soon as possible, "in view of the recent scare and the lack of adequate data on the increased radiation due to fallout."

"Wasn't the fallout scare a radio blast to get us excited?" asked Supervisor Paul Anderson. "Is the need really here?"

"YES, THE NEED is here," replied Seymour. "I've talked with air pollution control officers in San Diego and Orange counties and it has been given high priority in both counties."

Seymour said the air pollution control department is concerned with potential radiation problems in two respects. First, the detection and measurement of the con-

centrations of radio-active materials present in the atmosphere, and second, the determination of sources or possible future sources of airborne radio active materials and the instigation of acceptable efficient control methods.

SEYMOUR DEFINED "air-borne radioactive materials" as any radioactive material dissipated in the air in the form of dusts, fumes, mists, smoke, vapors, or gases. He suggested as an initial step a daily monitoring program to collect and measure the concentration of airborne radioactivity in the Riverside city area where the largest population is concentrated.

Supervisor Anderson said he believes the other counties should be contacted and considered before any action is taken. He agreed with Seymour that the matter should be placed on the agenda of the Jan. 19 meeting of the Southern California Air Pollution Coordinating Conference in Santa Ana.

DESERT BRAEMAR

With the Yuletide approaching, a real live Christmas tree dominates the scene at Desert Braemar... vying with these diamonds way up in the sky with its twinkling gems throughout the night. At this season the esplanade is fondly called "Christmas Tree Circle."

Last year... the first holiday season "at home" here, nothing would satisfy the Nor-western residents but a real evergreen... and how it has grown for this, its second year! In contrast, the desert palms at each end of the circle glow with diffused lighting.

OWNERS of individual apartments are busily competing with each other in their decorative decor. There's much activity... and in a festive holiday mood the Braemarites are making plans to go carolling throughout the expansive grounds of Braemar on Sunday night, Dec. 21, with Mrs. James Gibbs, a resident and talented accordionist as accompanist.

Mr. and Mrs. Albert Babeaux and daughter, Nettie, have had as their guest Lt. Roger Cannell of Jacksonville, Ill. Lt. Cannell is in the Marine Corps and will leave soon for Japan.

Mr. and Mrs. L. T. Torres of West Covina were the weekend guests of the Lyle Coopers.

MR. AND MRS. Wesley Hine had as their weekend guests Mr. and Mrs. William Weber of Farmington, Mich.

Missile-Carrying Sub Rated by Navy as 'Tops'

By CLARENCE RAWLINGS
United Press International

SAN DIEGO — (UPI) — The missile-carrying submarine USS Gray back isn't much to look at but it's a powerful weapon that the Navy considers as near the top of this country's defense system.

A half-day aboard the huge 322-foot sub was enough to convince newsmen of the importance of such a weapon. The 80-man crew demonstrated the capabilities of the lethal vessel today in the first such cruise for members of the press.

MT. CMDR. HUGH Nott, commanding officer of the Grayback and Capt. R.E. Styles, commodore in charge of the Navy San Diego-based submarine flotilla, and other officers led the newsmen through a complete demonstration of preparations for launching the powerful Regulus II Intermediate range guided missile, even to firing up the screaming engine of the 30-foot "bird."

Specialized crews of missile men worked at a pace comparable to that of an actual firing, simulating an attack offshore from San Diego. Beginning with surfacing of the craft from a depth of 200 feet to revving up the missile's engine to takeoff speed, the operation was one designed to show the capabilities of the Navy's newest, fastest, and most powerful guided missile equipped submarine.

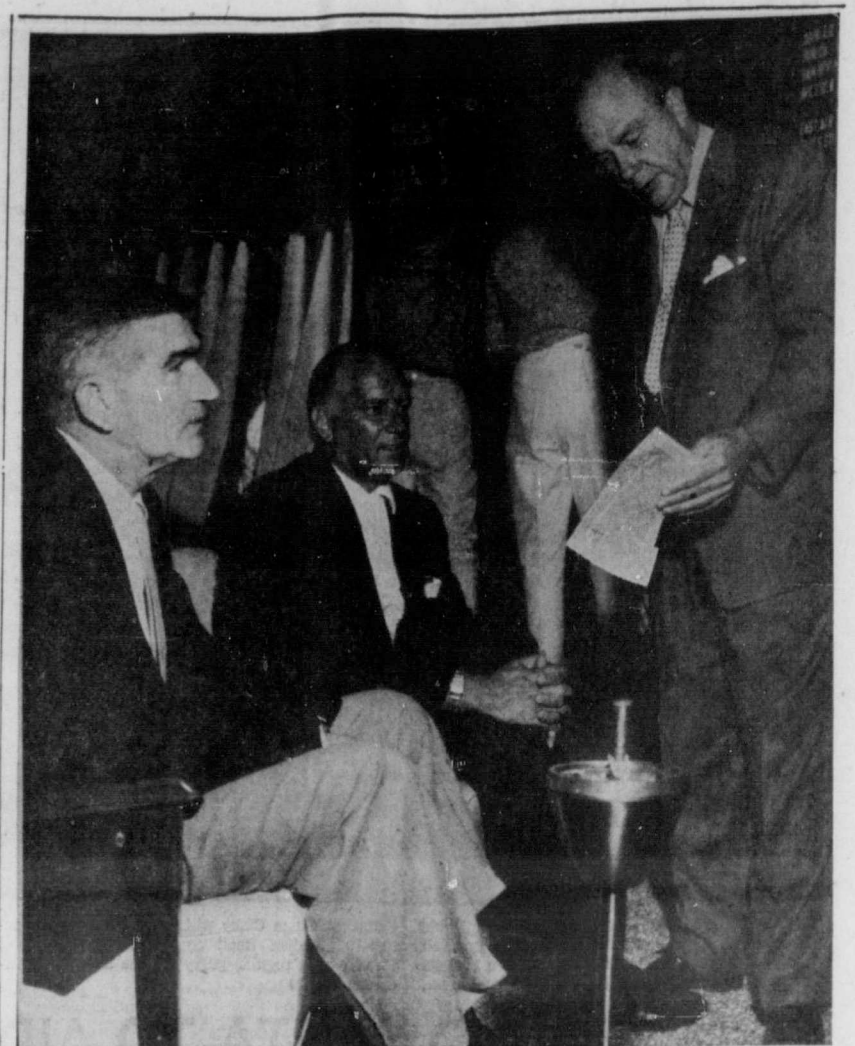

THE GRAYBACK, completed in September after four years of construction, will leave later this week for Pearl Harbor, Hawaii, where it is expected to do most of its work.

In addition to being rigged to fire the Regulus II or the earlier Regulus I missile, the Grayback also is capable of doing anything that any other submarine can do. It is fully equipped with torpedoes and could be equipped with atomic warheads immediately for war-time use.

Inside the Grayback are some surprising features not generally expected to be seen in such a vessel. In contrast to its outside appearance, the interior is well appointed and has, as one sailor commented, "all the comforts of home."

THERE IS a closed-circuit television system that permits the crew to watch the vessel's undersea progress from the mess room. An ice cream machine provides desserts in any desired flavor. For entertainment, there's a console fitted with tape recorded records, television, and radio receivers. And there is a library of more than 1,000 technical books and recreational volumes to pass away the hours under the sea.

The Grayback is designed to operate continuously at sea without logistic support, her storeroom carrying provisions, repair parts and other consumable supplies sufficient to remain at sea for several months. She can cruise more than half-way around the world without refueling.

MANY CRITICS HAVE ACCLAIMED BALLET WHICH WILL APPEAR HERE

If the critics have anything to say about it, the Southern California Ballet—which appears in two performances in Palm Springs Saturday—will become a fixture in the Southland's cultural panorama.

The company, under the direction of Joseph Rickard, will perform three ballets in Palm Springs' High School Auditorium, a matinee at 2 p. m., "expressly for children" and an evening performance at 8:15 p. m.

MOST DANCE companies find themselves with patrons behind them and critics making demands. But a different alignment exists for Rickard's troupe.

Reviewers for such widely-varied media as the Los Angeles Mirror-News, Dance Magazine, the Ramona Bowl Critic and attendees such as Ben Hecht and Walter Arlen have all had one thing in common: they were enthusiastic about the Southern California Ballet.

"THE SOUTHERN California Ballet," wrote the Los Angeles Times critic, "proves that a good show can be produced with modest means if care and good taste are exercised."

"This," declared the critic for the Bakersfield Daily Californian, "is a ballet company with imagination and creative capacity. It lifts what would be a satisfactory evening into a buoyant experience."

Novelist Ben Hecht took one look at the ballet and declared that it possessed "more art than a gallery of Rembrandt" and So-

rates, who does criticisms for the Ramona Bowl, said that the company's efforts were "technically and dramatically catered to every taste."

DANCE MAGAZINE went on record with a solid endorsement of Rickard's choreographic imagination, the Los Angeles Mirror-News termed the ballet "conservative and well-patterned" and the Hollywood Citizen-News noted that the company "has much to offer the audience."

The three ballets to be performed here include Prokofiev's "Cinderella," Shostakovich's "Ballet Russe," and "The Sea," which utilizes the music of Gliere.

Tickets are available at Palm Springs Music Co., Milton F. Kreis Drug Store, the Huddle Springs, and the Palm Springs School of Ballet.

Mr. and Mrs. H. B. Gengenbach and her sister, Mrs. William H. Snyder, left on Monday to spend the holiday season in Acapulco, Mexico.

Mr. and Mrs. Thomas J. Fox and their young son, Brian, of Santa Monica spent the weekend at their desert home on Rio Del Sol Road.

Weekend houseguests at the home of Mr. and Mrs. Walter D. Smith were Mr. and Mrs. Agnar Wahlberg of Hollywood. Wahlberg is court reporter for Judge Peterson M. Hall. Mr. and Mrs. Smith left Sunday evening to spend a few days with his mother, Mrs. Elizabeth K. Smith, at her home in Burbank.

Mr. and Mrs. A. Ronald Butten, Jr. and children, Charles and Glen, of Los Angeles were at the home of his parents, Mr. and Mrs. A. Ronald Butten, Sr., for the weekend.

Mrs. May Walker, whose home is on S. G. Rio Road, is in St. Vincent's Hospital in Los Angeles recuperating from surgery performed last week.

Here for the weekend visiting with Mr. and Mrs. Olaf Nelson, owners of Nelson's Motel, were their daughter and family Mr. and Mrs. Delvan H. Shaw and children, Larry and Gayle, of San Clemente. Among the weekend guests at Nelson's Motel were Mr. and Mrs. O. H. Goetz of Laguna Beach, Edward T. Gushee of Los Angeles and Mr. and Mrs. Thomas Crosby and Louise Lapiccola from Long Beach.

Donald Warren flew his plane from Manhattan Beach accompanied by Fred Franklin of San Pedro, to spend the weekend at the home of his mother, Mrs. Edwina Warren. Saturday night Mrs. Warren hosted dinner at Shadow Mountain Club and joining them were Mr. and Mrs. John Spinks of Los Angeles. Mrs. Warren will spend Christmas at her home in Manhattan Beach.

On Sunday, Capt. and Mrs. Arthur Swanson entertained with a holiday buffet dinner party for 50 of their friends and neighbors at their home on Estelita Drive.

Mr. and Mrs. Clayton entertained their guests, Mr. and Mrs. William Steinel and daughters Cheryl, Corinne and Sue of La Canada, Sunday with a patio bar-

beque dinner by the outdoor fireplace at their home on West Veldt. On Monday Mr. and Mrs. Albert Roth arrived from their home in La Crescenta to spend a few days as houseguests of Mr. and Mrs. Singer.

Among the weekend guests at Montesanto Apartments were Mr. and Mrs. Frank Hardison and Shirley Coffee and party from Los Angeles, Dr. and Mrs. J. Celesti of San Francisco, and B. Elmore of Woodland Hills.

Mrs. Tom Anderson (Hoams Construction) and her young son Deany were in San Diego Friday and Saturday at the home of her parents, Mr. and Mrs. O. S. Krumm and attended the baby shower on Friday night honoring her sister Mrs. John Stelzer.

Mr. and Mrs. Walton have arrived from their home in Sacramento and have leased a home on Mirage Road through Rancho Mirage Realty, for a prolonged desert vacation.

Moroccan Kabobs

NEW YORK — (UPI) — A culinary preview of United Nations Day, Oct. 24, was given at the annual dinner of the American Spice Trade Association here.

The hors d'oeuvres course featured these Moroccan kabobs. Combine in mixing bowl 1 pound lamb, cut in 1/4 - inch cubes, 1/2 pound lamb suet, chopped fine, 1 tablespoon instant minced onion, 1/2 teaspoon ground cumin seed, 1 1/2 teaspoons each of paprika and dried parsley flakes, 1 teaspoon ground coriander seed, 1/2 teaspoon each garlic powder and ground black pepper, 1/2 small bay leaf, 1/4 teaspoon salt, and 3 tablespoons olive or salad oil.

Stir to coat meat thoroughly and let stand 3 to 4 hours in refrigerator. Arrange kabobs on skewers and broil 5 minutes, or until they are brown and crisp. Serve on toothpicks. Makes about 40 servings.

To adapt the dish for a main course, cut meat into 1 1/2 - inch cubes, marinate, and broil until done.

4 Marines Charged With Janitor Beating, Robbery

Four young Marines were today charged with beating and robbing a Palm Springs High School custodian on the school grounds last week.

Police said the robbery suspects netted 14 cents and a package of cigarettes in the high school mug-gings.

ARRESTED AT Twentynine Palms Marine Base by military police and Palm Springs officers last night were:

Arthur Lee Slayton, 20, Ikles James Roberts Jr., 20, Carey Jacko Jr., 20, and Edward James, 19.

All charged with robbery, the four Marines were accused of beating and kicking custodian Herbert Jackson, 23, in a high school restroom last Thursday night.

DETECTIVE SGT. John Herrera and Det. Richard Harries

said testimony of an unidentified informant led police on the trail of a young man wearing a green jacket, festooned with a Marine Base insignia and bulldog emblem.

Military investigators turned up Slayton as the jacket's owner and the young Marine allegedly admitted the crime during subse-

quent interrogation. Police previously believed the beating may have been the result of a grudge carried by disgruntled basketball players. During the beating, one of the assailants reportedly remarked: "He looks like a referee."

The four youths are being held in lieu of \$1,000 bond each.

Economic Soundness Of New Desert County Shown By Facts

The absolutely solid rock-bottom of the plan to partition off the Fourth Supervisorial District of Riverside County is shown conclusively in every important factual and statistical requirement of standard comparisons with other existing counties in the State.

A general analysis of the three basic factors in sound economy in the operation of County government, namely sufficient assessed valuation, population and area to justify and warrant necessity of formation of a local County government, show that the projected new Desert County would not only contain far more than the necessary components, but would actually be above the California average.

In the matter of assessed valuation Desert County would have a total tax base of more than \$150,000,000 or considerably more than enough income at the present rates being levied by Riverside County in this Fourth District to organize and maintain its own local County governmental staff, services, buildings, equipment and functions. The initial income for Desert County would provide approximately \$12,000,000 in taxes and State and Federal subventions. At the present rate of growth this would probably approach \$20,000,000 in the next few years.

Present population is well above 60,000 all-year residents, while transients and out-of-county property owners, all of whom are benefitted by or concerned with paying taxes to local County government, would bring the total population figure of the new Desert County close to 100,000.

From a standpoint of area, Desert County would rank close to the largest in the State with about 5,000 square miles encompassed. Presently Riverside County is second in size only to San Bernardino County. Of the 7,294 square miles in existing Riverside County, about 70 per cent lie in the Fourth District which would constitute the boundaries of Desert County.

Thriving Imperial County, our neighbor to the south, furnishes an excellent example as a yardstick for measuring

comparisons with the new Desert County. While about 25 per cent below our Desert District in assessed valuation, population and area, Imperial County is enjoying all the manifold advantages and benefits of local government on a total annual budget of some \$9,000,000 compared to the \$12,000,000 per year starting figure for Desert County. And it might well be noted that when Imperial was partitioned from San Diego county and established as a separate county, both tax income and population were a great deal less.

With the above facts and comparisons in mind, there can be no question as to either the soundness or feasibility of forming Desert County. Neither is there any doubt as to the many desirable advantages, economies and improvements which LOCAL government would bring to every person in this great desert region.

Originally California was composed of a comparative handful of counties—vast in area but small in population and assessed valuation. As the State multiplied many fold in population and wealth, each of these original counties was partitioned off into from one to a half dozen new counties to meet the necessities of its inhabitants in the widely separated areas. Riverside County itself was thus created soon after the turn of the century by being thus divorced from the original San Diego County.

Today, the Desert District, similarly because of its great growth, distance from the seat of County government, distinctly divergent interests and economy, likewise is in dire and increasingly urgent need of forming its own County government.

We are now in the identical position that the people of Riverside were in fifty years ago, and that of the people of Imperial at a later date. We need to form our own local County government.

What they have done, we also can and should do by forming Desert County with all possible speed and determination. The sooner the task is undertaken in earnest, the sooner it will be completed.

Another Border Incident

AIR-BORNE IN ISRAEL — Major Naphthal Levin was very sorry about the telephone. There were three of them on his desk, and they rang every minute or two. The major hadn't known when he engaged to talk with me about Israeli military matters that there would be a border incident.

But there was one. Ninety-some miles north of Tel-Aviv on the Syrian frontier the Arabs opened machine-gun fire on a group of five Israeli shepherds and their flocks. The herders took cover; the Syrians went to mortars and then to Soviet-supplied artillery. The Israeli sent in their border police; who rescued four herders and brought back the other one dead.

"IS IT A TYPICAL border incident?"

Well, the Major wouldn't call it typical, although it used to be. Things had quieted down since the Sinai campaign in 1956 when the Israeli forces smashed the legions of Nasser. Since then, there had been scouting parties and fedayan (assassin) infiltrations, but shooting across the lines had become unusual. Serious? One never knew if it were the beginning of something bigger.

"Would there be reprisals by the Israelis?"

Again, the Major didn't know. These matters were not up to the military. They were Cabinet decisions. In earlier days, retaliation was not uncommon. Today—well, you reported these events to the UN commission—and just waited.

TO AN AMERICAN, however, there was a lot of background information here, if no big news. The Syrians had fired down into the Huleh Valley. This is an 18,000-acre reclamation project which the Jews had drained from swampy land around a lake which catches the waters of the Jordan River.

The new lands will absorb 10,000 immigrant families, some of

whom are already cultivating the man-made oasis. The rich new soil takes rice, sugar cane and feed crops. A colorful new business is the nurture of tulip bulbs from Holland. The desert sun bring the tulips to maturity in one season rather than in two or three, and the Dutch pay well for the service. Sheep in this area go in flocks of 400 to 600 milking herds. They are fattened in the barns and taken to graze along the public highways.

IT WAS ON THIS snug, peaceful colony that the Syrians had fired. Why? It won't do to oversimplify these misadventures into primitive hatred or civilized sadism. The Syrians once occupied a triangular bit of land in what was the mandated territory of Palestine. The valley became part of Israel under the armistice terms of 1948. The Syrians withdrew and a two-mile demilitarized strip was laid out between the borders.

It is easy enough for Utah and California to quarrel over the Colorado River rights, and for Maryland and Virginia to hold shooting wars every autumn over oyster beds. Misunderstandings and clashes are almost inevitable between two such new neighbors and old enemies as Syria and Israel.

BUT EVEN THIS thesis of folk warfare is too simple a tale. The truth takes us into the sophisticated convolutions of power politics. President Nasser is head of the United Arab Republic, composed of Syria, Egypt and other Arab States.

Nasser has a well-publicized oath to destroy Israel. He has a well-established dictatorial tradition which calls for stirring up foreign troubles to divert attention from home problems. He is part—perhaps not yet a full-fledged puppet—of the Communist war of nerves against the West.

NOBODY HERE thinks in terms of a panacea for the Mid-

die East, and very few dare think of peace in any absolute meaning. The best to be hoped for is a practical stalemate of military power. The Israeli have an informal rule of thumb. It says that they can hold their own against the Arabs by staying on the short end of a 3 to 1 ratio in weapons. The last thing these people want is modern arms; the more obsolete, the better for their tight little budgets.

Israel leaders reached this formula after the Sinai campaign. They were outnumbered something like 4 to 1 in the air phase. They were also outmoded in that the Egyptian-manufactured MIG-17 was at least two generations older than the French fighter Ouragan, a progenitor of the Mystere. The Sinai experience convinced the Israeli that maintenance and training made the big difference. Today their basic planes are French, the Mystere and the Vantour; their armor is the reconditioned American Sherman tank of World War II; their rifle is of local origin, the Uzzi, named for its inventor.

AS THE ISRAELIS see it, they can win anything except an arms race. Their two million population now musters about 250,000 effectives. They expect to double their population in the next decade if the money keeps flowing into internal improvements. The future safety lies both in numbers and in example. These people honestly hope to show their Arab neighbors that sword-to-plowshares is a paying proposition.

Since it is natural to look for evil from the enemy, the Israeli would expect and somehow accept an unbalancing of the arms ratio by the Russians. But it would be hard to take, as I have heard on all sides, if the friendly Western powers played the unconscious villain of the piece by overarming the separate Arab nations. Israeli leaders can really lose sleep over that one.

'I Prefer the Good Old Russian-Type Election'

This Side of The Sun

By Phat

'Tis the week before Christmas
And all through the shop,
No one is stirring
While the boss blows his top.
No hooves on the roof
With unseemly clatter
Just yakety-yak
With gift-idea chatter
There's no loud outcry
Of on Blitzen, On Dunder,
Just a quiet reminder
Make like work or go yonder.

Well, that's not exactly the case—but with Christmas just one week away, one should have a cheerful Christmas poem, I always believe. By shop, I mean from front door to back, the entire plant. I don't want those guys in the composing room to turn this column upside down again.

HAVING THUS taken off on a Yuletide note, another thought comes to me.

Christmas is for the children, the little kids, and I'd sure like to be with them come a week from tonight.
But my four grandsons are 2,000 miles and around \$386.17 (first-class fare, bedroom accommodations, meals and refreshments en route) away.
That poses a problem.

HOW TO ACCUMULATE sufficient scratch to finance the deal.

I leave Mrs. G. out of this. Of course, she'll go along if I make it. But every year about this time she goes into a huddle with her banker friend and gets a little book. Each month there's another entry and by the next Christmas, she's well heeled. I won't have to worry about her. Because, I make like the happy little grasshopper in the fable and by the end of the year, if I have enough oats left to buy a pack of cigars, I figure I've got it made.

BUT, WANDERING through the metropolitan canyons and noting these Salvation Army Santas at the street corners, gives me an idea.
I'm going to get myself a Santa Claus suit, a tripod and a big kettle.

The suit won't cost me as much as it would some people I know. I won't have to buy any stuffing.

I carry my own built-in pillow—fore and aft.

THEN I'LL GET myself a little bell. Set up shop at the corner of Andreas and Palm Canyon Drive, shake the bell and listen to the tinkle of coins in the kettle.

And perhaps the rustle of the folding stuff.

When the pot has enough in it, I'll go see Mr. Sanford Cooper and negotiate passage to and from Hinsdale, Ill., for a happy Christmas with the family.

Me.

STAN DELAPLANE'S Postcard

Do you realize how many shopping days are left until —? All right, all right. I was just asking. Just trying to be helpful. We are in need of help ourselves. Have racked our brains for household presents. And this day are just as barren of inspiration as we were a month ago.

"Turtles, Daddy?"
THERE IS a 3-year-old boy with a one-track mind. The nicest gift he can think of is a lively turtle. We have been warned never, never bring another turtle in the house.

We got a pair of turtles a month ago and they escaped from their \$1.50 turtle palace. Disappeared into thin air. We think they are behind the stove—it is the only place we have not looked.

TO MOVE this stove, the stove people want a great deal of money. The turtles must stay. And I understand they pop out in the spring. All fresh and hungry from winter's hibernation, scaring the daylight out of whoever is cooking.

The word is out: "We are not going to fill this house with escaped turtles. And that's final!" Oh.

HOW ABOUT birds? We spend a lot of time looking in pet store windows. We know where you can buy a dandy Gila monster. Boy, is he ugly!
Birds, we think, might be OK. There is a wonderful book on birds—if you know anybody that has a bird, you could buy them the book. The people, I mean. Not the bird.

THE BOOK COSTS \$5 and is put out by the University of Michigan press.

What I like best about it is the title: "The Birds."

No conning the innocent buyer in that one. Not like a lot of books. With dust jackets telling what a salty character the author is—you show him smoking a pipe, that is how you do that one).

No odd titles. Like, "Too Late, Phyllis Willis."

NO, SIR, JUST what the book is about: "The Birds." Information.

"If you try to raise young

woodpeckers in a flower pot, you will find they cannot climb after they have left the nest; their claws have been worn down by the hard surface of the pot, to which evolution has not adapted them."

"You will have to bring them up in a wooden box if you want them normal."

THERE IS a piece of writing that stands out, head and shoulders. It has power and punch. A hint of tragedy (the young woodpeckers who cannot climb) and the final triumph of normal wooden life.

It makes me want to go right out and raise woodpeckers.

I HAVE BOTH flower pots and wooden boxes. We have some woodpeckers up in the oak trees. I do not know who raised them. Probably other woodpeckers. Raised in a wooden box, I suspect. For they can climb and peck at the same time.

They are completely normal. A bird for Christmas. That is not a bad idea. A bird and a wooden box and this book. That should make any Christmas merry.

THERE IS A GOOD deal of print in this book on brooding birds. I did not get to read it because the man came over and said: "Anything I can do for you?"

I put the book down like it was red-hot and said: "Just looking, thank you."
Too bad. I did not get to read what birds brood about. Probably the same thing as people: High cost of nesting, aches and pains. Things like that.

IF MY BIRDS began to brood, I would cheer them up.

I would say: "Look how much better off you are than the woodpeckers who were raised in a flower pot and cannot climb."

Cheery things like that, I would say.

A bird seems an ideal gift for Christmas, now that I think about it. A lively songster. A bird would not get under the stove and scare the cook.

A little broody maybe. But nothing that a little champagne in the cage cup won't cure.

EARL WILSON:

Gene Barry's Sex Appeal Secret

New York—Gene Barry, the male Brigitte Bardot, had all the lasses leering at him at 21—and I was amazed, for I knew him before his sex appeal had been discovered.

"Didn't Mae West teach you to love?" I asked the handsome star of the "Bat Masterson" TV show.

I remembered him playing Mae's leading man in "Catherine Was Great" about 15 years ago... dimly I could see him singing at "Mother Kelly's" and at the old Lord Tareyton in Miami Beach... getting a job as Milton Berle's TV straight man...

"Old Mae taught me!" he laughed. "Old Mae didn't have to teach me. I was 21—she was 57—old enough to be my grandmother. A man just looks at a woman and treats her as a woman, that's all. My wife, whom you might meet, if she ever gets here, could tell you..."

His wife, Betty, known as Julie Carson when she was acting, sure enough arrived.

"She always walks onto a set when I'm doing a love scene," he said.

"Sure," smiled Betty, "with these pretty little cherubic 18-year old girls in his arms during the day, I'd better be there to go home with him at night."

"She's been a wonderful partner." He patted her hand. "She never once told me to go out and get a better job."

"Yes, but to this day, I can't eat hamburger," she winced.

Brilliant baritone, valedictorian of New Utrecht High, band singer with Teddy Powell, juvenile lead in a Mike Todd flop called "Glad to See You," Gene finally hit it rich in Hollywood when he was cast as TV's Bat Masterson, a sheriff-marshall-newspaperman lady killer.

"You're looking at a guy," he announced, "who owns two swimming pools on the same street!"

It turned out they were moving and both houses had a pool.

"We're kind of remote though," he admitted. "For example, we

have rattlesnakes. My agent doesn't even visit me any more. I'm not planning to, either. I asked Betty how she felt about the other beauties battling their eyelashes at him.

"Seeing that other women go for him, I kind of enjoy it," she said.

THE MIDNIGHT EARL...

After Sammy Davis Jr. collapsed from overwork in Hollywood, he confessed to a friend, "I dimly thought I'd run out of steam, and when it happened to me, I was terribly frightened."... Buddy Hackett, opening Dec. 24 at the Deauville in Miami, and taking two or three weeks off the Jackie Gleason TV show, insists he's very happy with the present arrangement with Jackie—but most interested in his own new show he's planning in which he plays the tractor salesman in the Sat. Evening Post series.

Tommy Sands is very serious about taking acting lessons here from Marilyn Monroe's coach, and told Disc Jockey Dick Shepherd of Milkman's Matinee that he's a voracious reader on religious subjects. Equally interested in religion, of course, are Pat Boone and Elvis Presley... Jack E. Leonard, the ex-Chicago ex-fat man whose forte is "sardonic humor"—sassing people as he did on the Ed Sullivan razz show recently—now gets offers to heckle at testimonials all over the country. Jack, however, will do more TV. And he's writing a book. (Isn't everybody?)

TODAY'S BEST LAUGH:

They're still talking at Gatsby's about the way Joe E. Lewis ordered a drink: "Give me three fingers of Scotch and a thumb of soda."

WISH I'D SAID THAT: You can always tell when some people are broke—they're sober.—Tony Petito.

A local character claims to run: "I don't use much gasoline—just dab a little behind each headlight." That's earl, brother.

MIKE CONNOLLY:

Tom Parker Is Santa

HOLLYWOOD — I received a Christmas card from Pfc. Elvis Presley postmarked Bad Nauheim, Germany. It shows his manager, Col. Tom Parker, as Santa Claus, with Elvis in his Army uniform standing in front of a Christmas tree waving "Holiday Greetings to You-All!"

It's also copyrighted — first Christmas card I've ever received with one of those "All Rights Reserved" stamps on it!

ONE REASON IT took Sam Goldwyn two years to prepare and shoot "Porgy and Bess" was the lengthy period spent preparing the contracts to the satisfaction of George Gershwin's estate and Mrs. Du Bose Heyward, the widow of the man who wrote the original "Porgy."

Goldwyn told me, "I guess they wanted to make sure I wouldn't take any liberties with the original. At any rate it took six months just to make up the contracts!" I asked Sam how he managed to finish the tremendous project on schedule, despite the big fire that burned the set down. "By not allowing any visitors," said Sam — "including Mrs. Heyward!"

PEARL BAILEY hired 18 singers and dancers out of "Porgy and Bess," in which she plays "Clara" for Goldwyn for her new revue at the Flamingo in Las Vegas, "399 Plus One."

Revue is about Beale Street High Society. Pearly may inform me and the title is a combination gambling — society term meaning "400 the Hard Way." IT'LL BE STRICTLY the Lion and the Eagle (not the Unicorn) on Ed Murray's Small World next Sunday (Dec. 21). Successful 'Gnatidote' Chemical Developed End of Problem Forecast

Resort area gnats may well be on the way to their happy hunting grounds today. Mosquito Abatement District officials reported that development of a new and lethal chemical recipe should end the desert's knotty gnat problem within three years.

CONCOCTED BY Dr. Mir Mula, University of California at Riverside entomologist attached to the district, the new "gnatidote" is in the form of an attractant that lures the pesky mites to almost certain death — which is regarded as a milestone for anti-gnat science.

District Manager Art Cavanaugh said the chemical, successfully tested after two years of experimentation by Dr. Mula, is apparently "a perfect cure for gnats around towns and golf courses." It is the first time in the history of the long scientific warfare against gnats that anyone has devised a successful gnat attractant, Cavanaugh said.

NOTORIOUSLY resistant to virtually all insecticides, the gnats seem to be an easy mark for the new formula, which combines bait and poison in one generous serving.

Dumped in fluid form on grass, plants and shrubs, the chemical attracts gnats by the swarm. The hungry mites swallow the bait and poison — and it's curtains for the gnats.

CAVANAUGH SAID the new formula is causing a sensation in UCR laboratories.

"They're so excited, they've hired another entomologist and cleared their desks for action," Cavanaugh said.

Tested by Dr. Mula in small bait traps last year, the attractant has been put to work on a more extensive basis in more recent months.

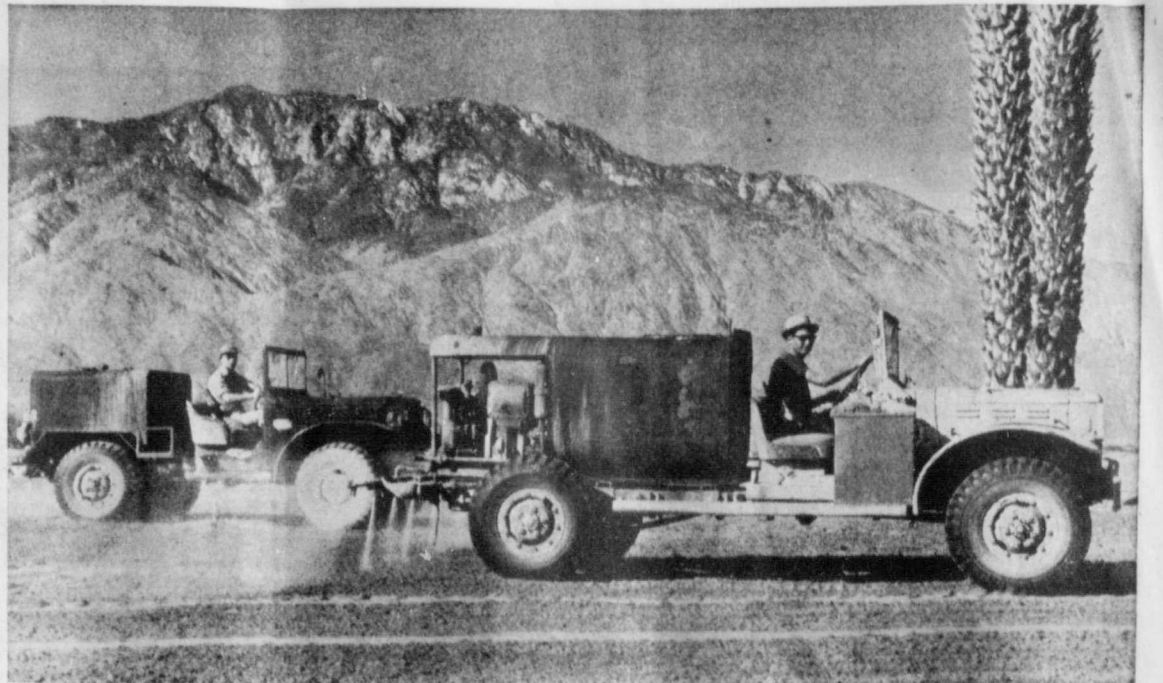

"We've had several successful runs with the new chemical," Cavanaugh said, "and now we're really putting it to work."

CAVANAUGH SAID the formula is similar to chemicals devised to eradicate Florida's Oriental fruit flies, which are now virtually extinct.

He hopes Dr. Mula's recipe will have the same results here.

He said the formula is sprayed on the ground and is aimed at the adult gnats — the most difficult to kill.

Mosquito Abatement District

NO MORE GNATS for Palm Springs Golf Club, one of the many resort area sites now being treated for gnat control. Here, trucks of the Mosquito Abatement District are shown spraying the club's fairways with chemicals designed to kill gnats in larvae stages. Sprayed on before the greens are planted, the "gnatidote" may be effective for as long as three years.

crews are now employing two other types of gnat exterminants. They use a larvaicide, designed to kill embryonic gnats, and an aerosol spray which is dumped by aircraft.

THE LARVAECIDE has proven successful in combating the unhatched pests and its effects will linger in an area for at least two years.

"We'll know in June if it will last three years," Cavanaugh said.

The air spray is a mixture of fuel oil and chemical. If the gnat hits this stuff, he's generally a dead duck, Cavanaugh said. But then, it's a hit and miss proposition.

ALL THREE TYPES of gnat antidotes combined should control this pest problem in about three years, but Cavanaugh pointed out that some gnats will escape.

The gnat program isn't perfect, he said, but should be 85 to 90 per cent effective.

To date, the district has treated 5,000 gnat-infested acres in the desert resort area from Palm Springs to Thermal. This year, the district will cover an additional 15,000 acres with all three weapons of the anti-gnat arsenal.

At this rate, Cavanaugh feels that the 45,000-acre program of gnat clearance will be completed in three years.

Teen-Age Realtors

BUFFALO, N. Y. — (UPI) — Roberta M. Neidenger, 14, has qualified to become perhaps the youngest real estate saleswoman in the country.

The teen-ager took the state test for the job and passed it with flying colors.

Roberta's father, Edwin J. Neidenger, is a real estate broker and an appraiser for the State Board of Equalization and Assessment. Her mother is a licensed real estate saleswoman.

Mrs. Neidenger said her husband insisted Roberta could take the test under the state rules since the law didn't specify any minimum age. So she did — and passed.

Jr. High School To Give Programs

Palm Desert and Desert Hot Springs club members will be serenaded with Christmas songs by the Nellie N. Coffman Junior High School Choir Thursday.

The Choir, directed by Hugh Givens, will entertain members of the Palm Desert Lions Club and the Woman's Club Thursday afternoon.

Thursday evening, the choir will present a similar program for members of the Desert Hot Springs Rotary Club.

Dear Abby...

DEAR ABBY: Not wishing to reveal my identity, let's just say I am a man whose business takes me into the homes of my clients. While on a business call (to present the bill) a very attractive woman practically "threw herself" at me. Being human, I "caught" her. When I presented my bill for what she owed me, (labor and materials) she tore it into little pieces. It amounted to \$400. I took it to my lawyer and he advised me to forget the bill, the woman, and the incident. Should I? "HOMO SAPIEN"

DEAR SAP: Take your lawyer's advice. You're lucky she didn't add an amusement tax.

DEAR ABBY: Please print this for "LUCILLE," the woman who is taking away our Daddy. "Yes, Lucille, what about us kids? We were happy before you came along. Why don't you find your own man instead of our Mommy's man? Don't you know about the Ten Commandments? I go to Sunday School and learn about Jesus and Mommy says when it rains Jesus is crying because someone was bad. It rained here all day Saturday. Jesus was crying because you were bad and took our Daddy away. Please go away and leave our Daddy alone. Please put this in your paper, Miss Abby, and I wish you a Merry Christmas."

THIRD-GRADER

DEAR ABBY: My husband's second cousin, age 65, is going to marry a man, age 67, in January. Her husband and his wife passed away last summer. She is going to be married in a white dress and wedding veil. She asked my husband to give her away. I refuse to attend the wedding and see them make fools of themselves. Am I wrong? Shouldn't

the preacher talk them into having a quiet wedding?

DISGUSTED **DEAR DISGUSTED:** The preacher will probably prevail upon them to dispense with the gown and veil type wedding. If they insist, and your husband "gives the bride away" ... don't be conspicuous by your absence.

DEAR ABBY: Maybe I'm wrong, but with my family the children seem to run everything. At an adult party, the children are the center of attraction. When I visit any one of my sisters or brothers, their children have to be right in the middle of everything we say or do. I have one boy, 4 years old. When anyone comes to see me, he says "hello" and then goes into his bedroom or outside to play. Am I right? Or do children belong in their mother's laps and in every adult conversation until they reach the age of 16?

ROSE

DEAR ROSE: If you are wrong, then that makes two of us.

DEAR ABBY: I belong to a card club. I took pity on a woman because she's widowed and her social life is limited and she hinted many times she'd like to join our club. We took her in and all the other members have been on my neck ever since. The reason is this newcomer complains constantly about the smoke. She fans herself with a newspaper all during the game, gives the smokers dirty looks and asks how we can stand such a "filthy habit." What

can we do with "Mrs. Nudnick"?

CARD PLAYER.

DEAR CARD: Since you sponsored "Mrs. Nudnick" out of the kindness of your heart, tell her, privately, that she'll either have to put up with the smoke without complaints, or take up solitaire.

DEAR ABBY: We are two young wives whose husbands work for the same company and they both tell us the same tale. They get off work at 4:30 p.m. and don't get home until 6:00 p.m. They say they are playing PING-PONG. Don't you think this is a very childish game for two grown men to be playing?

PING PONG WIDOWS **DEAR "WIDOWS":** Don't complain. There are worse games.

CONFIDENTIAL TO PETE: Be generous—while you're able. Love is like money. You can't take it with you.

CONFIDENTIAL TO SHIRLEY: There is not much to SEE in a small town—but what you HEAR makes up for it. Stay where you are.

For a personal reply, write to ABBY in care of this paper. Enclose a self-addressed, stamped envelope.

Prohibition Party Officially Dead; Total Vote Certified

SACRAMENTO — (UP) — The California Prohibition party, which would have been 84 years old on its next birthday, was officially dead today.

The party actually expired at the polls Nov. 4, but the death certificate remained unsigned until Monday.

Secretary of State Frank M. Jordan issued his official declaration of the general election vote and announced that the dry party had been disqualified from the

ballot in California.

REV. MEL J. MILLER, Azusa minister and Prohibition candidate for secretary of state, failed to poll at least 3 per cent of the total vote.

Jordan's official certification also showed that a record non-presidential year turnout of 5,366,053 voters went to the polls. They comprised 79.47 per cent of the state's total of 6,752,421 registered voters.

Gov.-elect Edmund G. Brown, the official count showed, defeated his Republican opponent, Sen. William F. Knowland, by 1,029,165 votes.

THE CLOSEST statewide race indicated in the report was between Alan Cranston and incumbent Republican Robert C. Kirkwood for the controller's office. Cranston edged out Kirkwood by 31,523 votes.

Attorney General-elect Stanley Mosk enjoyed the widest margin of victory in statewide balloting. Mosk defeated Rep. Patrick J. Hillings (R-Calif.) by 1,151,197 votes.

This was the official declaration of the vote as reported by Jordan:

GOVERNOR: EDMUND G. Brown, D — 3,140,976; William F. Knowland, R — 2,110,911.

Lieutenant governor: Glenn M. Anderson, D — 2,626,626; Harold J. Powers, R — 2,536,396.

Secretary of state: Frank M. Jordan, D — 2,517,595; Henry P. Lopez, D — 2,470,854; Mel J. Miller, Prohibition — 129,140.

Controllers: Alan Cranston, D — 2,553,020; Robert C. Kirkwood, R — 2,521,497.

Treasurer: Bert A. Betts, D — 2,589,965; A. Ronald Butten, R — 2,404,914.

ATTORNEY GENERAL: Stanley Mosk, D — 3,106,788; Patrick J. Hillings, R — 1,955,591.

U. S. Senator: Clair Engle, D — 2,927,693; Goodwin J. Knight, R — 2,204,337.

Board of Equalization, by district: 1st, George R. Reilly, D — 585,626; 4th, Richard Nevins, D — 1,474,018; Robert E. McDavid, R — 1,357,477.

Explains Aching Backs

SACRAMENTO, Calif. — (UP) — The California State Department of Mental Hygiene said failure to come to grips with everyday emotional problems is the most common cause of the common backache. It explained that such problems cause and excess of muscle function and electrical activity which lead to a gradual accumulation of potassium in the tissues.

WHEN STATE SENATORS who form the Senate Committee on Water Problems met at Riverside Monday, several of their number utilized the hearing to spend time in Palm Springs. Above is State Sen. Edward J. Regan, right, who is also chairman of the Senate Judiciary Committee,

speaking with Air Force Col. Art Herron at a Racquet Club meeting. Regan indicated that Riverside County's drastic water needs, unalleviated in the California Water Plan, may be given additional scrutiny as a result of the Riverside hearings. (Anderson Photo)

NO ONE IN OSWEGO IS DREAMING OF A WHITE CHRISTMAS THIS YEAR

By ANDREW PURCELL
United Press International
OSWEGO, N. Y. (UPI) — No one here is dreaming of a white Christmas.

With nearly a season's worth of snow already on the ground all the melodic sentimentality in the world would have a hard time getting anyone to wish for any more. The 85-inches of snow began falling on Dec. 7.

FOR A WHILE it brought normal life to a standstill in this northern New York community. And although normalcy is slowly returning it will be a long time before any one will forget this particular December 7 and its aftermath.

The snow, piled into huge drifts by winds and packed into solid walls 15 feet high by plows, brought hardship and some danger to the 23,000 residents of this community at the southeastern

bend of Lake Ontario. But no real crisis developed.

DESPITE THE TONS of snow which fell between Sunday and Thursday, all but the sick or elderly managed to get in and out of their homes with little trouble. Food and supplies were available. It was just a little more difficult than usual to get them.

Until the end of the week, for example, there was virtually no passenger car travel. But anyone who wanted food could get it by trudging waist-deep through the snow to the city's main business area.

POLICE, RED Cross and civil defense personnel were kept busy bringing supplies to people who could not get out for them. While many neighborhood grocery stores had to close because of a lack of deliveries, supermarkets in the downtown section operated as usual.

A tavern-owner reported that at the height of the snow - siege, "business was twice as good as any warm summer day." He attributed his good fortune to the fact that his was one of the few establishments in the area which kept a path open from the street, where pedestrians found it easier going than on the walks to his door.

ALTHOUGH MANY industries were shuttered, along with all schools in the city, the snow provided work for many. Police and firemen were kept busy directing emergency service for 18 to 20 hours a day. And the regional unemployment office channeled jobless workers to snow shoveling chores at \$2 an hour.

It's hard to estimate the cost of the storm to the city. Mayo Vincent Corsall Monday night asked the Common Council for an extra \$20,000 to help handle the snow expenses.

NUTRITION EXPERTS met at the high school cafeteria for a special kitchen workshop. The nutrition work shop was presented by Mrs. Una Wood, left, field representative of the American Institute of Baking, and Miss Lilian Clemon, right, consultant on health education for the State of California. Mrs. Gertrude Anderson, center, cafeteria supervisor, introduced the visitors, who presented a report on how to utilize nutrition facts in the classroom for cafeteria personnel and school district homemaker teachers. Thermal Airport Offered to L. A.

The use of Thermal Airport as a weather alternate and second airline terminal for the Los Angeles International Airport was approved by the Board of Supervisors this week when they adopted a resolution proposed by Airports Director Joe Marriott.

The resolution offers such use of Thermal Airport to the Board of Airport Commissioners of the City of Los Angeles and agrees to support its development to meet air carrier requirements, in accordance with mutually acceptable terms and conditions.

THERMAL AIRPORT now has sufficient land area to accommodate intercontinental-length runways having clear approaches, according to statements in the resolution, and the Coachella Valley Economic Development Committee has had preliminary discussions with Los Angeles Airport officials encouraging them to investigate the possibility of its use as a weather alternate and second terminal for Los Angeles.

The Board of Supervisors asked the county planning commission and the Board of Trade to cooperate with the Coachella Valley Economic Development Committee, county airport commission, and other interested individuals and agencies in every way possible to effect acceptance of the offer.

Marriott said installation of the Thermal Airport as a secondary terminal would alleviate problems posed by increasing air congestion around the major Los Angeles terminal and provide an all-weather landing place when adverse weather conditions exist there.

State Asked To Assist With County Road

State Highway Commissioners have been asked to help pave the way for construction of a 40-foot county road along the south side of Highway 111 in Palm Desert.

The county has requested the donation of a 20-foot strip which, added to 20 feet of right-of-way already available, would create a 40-foot roadway alongside the highway, according to Hal Kapp, Kapp, chairman of a Coachella Valley Advisory Planning Committee group assigned to check Highway 111 progress, reported that the county request is on the commission agenda for its January meeting.

He told CVAPC members that County Planning Director Tyler Sues would attend the commission meeting to introduce the county request for the secondary road.

Highway Death Jails Indio Man On Manslaughter

An Indio motorist was today held on manslaughter charges following the Sunday night traffic death of Myrtle Oliver, 64, also of Indio.

Seven other persons were injured in the head-on collision on Highway 99 near Adams Street in the Indio area.

One of the drivers, Everett A. Clark, 49, of Indio, was booked by highway patrol officers on charges of manslaughter and drunken driving.

Two Candidates Seek Position

Referred to the county clerk this week for routine proceedings were nomination papers filed for Paul Ames of Indio and Stephen W. Briggs, Jr., of Coachella, as candidates for directorships on the Coachella Valley Soil Conservation District.

The district election will be held Feb. 10.

Bradley-Burns Tax

City Will 'Wait' For League Meet

Palm Springs will wait until the meeting of the League of Riverside County Cities in Riverside Thursday night before taking a final step to contribute to the county—under the Bradley-Burns Act, it was learned here today.

Action taken by the City of Corona at its meeting Monday night, failed to place further blame for the city's withdrawal on Palm Springs, but instead listed several "conditions" to the giving of 10 per cent to the county.

THE CONDITIONS included the Board of Supervisors contributing heavily to the maintenance and repair of border streets and arterial roads near Corona; to contribute toward recreation activities including a municipal plunge, ball parks and playgrounds; to finance the Corona Police-County Sheriff's inter-communication system, and to contribute to the County Health Department Service located in that city.

In the resolution by the Corona City Council Councilman Cecil Green had included a specification that the funds would be budgeted and spent in the same fiscal year in which they were received by the county.

CORONA, WHICH earlier this year blamed Palm Springs for the destruction of the Bradley-Burns Act because Palm Springs did not have to give 10 per cent, in passing the resolution last night did not mention Palm Springs or the lack of revenues coming from it.

But Mayor Charles Jameson last week indicated to the Board of Supervisors that a special audit should be made to prove or disprove the fact that a further contribution by the resort city would result in a loss of revenue. Corona Councilman Francis Sterns branded Mayor Jameson's proposal a "surrender."

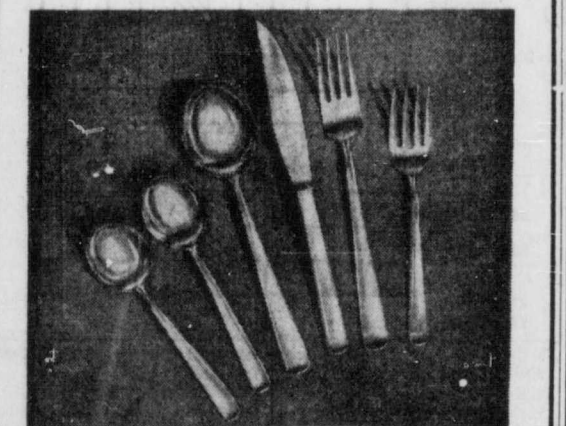

Corona's resolution insists that the funds to be expended by the county on the above mentioned items be in addition to funds normally budgeted for use in the area.

delight any gourmet. Rattlesnake meat? We've got it. Snails. We've got them, too. And a lot of other things from all over the world. Did you ever hear of Zwan hams? They come from Holland and they are not excelled by anyone anywhere. We have all types of cheeses and things like wild rice and garlic-flavored bacon rinds and kobe nuts.

"You know what golden smoked herring is, don't you?" Streeter asked. "We've got the original thing — the old fashioned Norwegian bløtler."

"AND WE'VE GOT so many other things in our delicatessen that I can't begin to name them all. We've got the most complete line of kosher foods of any market this side of Los Angeles. And we've got Mexican specialties and Italian foods and... well, you name, we've got it."

The departmental breakdown is enough to send Village shoppers into throes of ecstasy, Streeter believes.

The meat department will utilize two firsts in its daily operations. Mayfair's butchers have at their command the largest grinder and hamburger mixer available, and an automatic meat wrapper and weighing scale, both making their first appearance in the desert area. All Mayfair meats are "shopped for" at the slaughterhouse by experienced buyers.

THE PRODUCE division will utilize completely refrigerated

Sonic Booms Believed Air Force 'Getting Even'

Peace Parley Asked

Concerned that the Air Force may be using sonic booms in Palm Springs skies as a method of reprisal for Chamber of Commerce criticism of jet contrails here, the City Council yesterday decided to ask March Air Force Base for a "peace parley."

The council, after a year of aerial quiet following a 1957 discussion with March AFB officials, noted carefully that there have been "a bombardment" of sonic booms in the desert area since the Chamber criticism was released.

"THE AIR FORCE may be a little bit mad at us over here," one councilman said.

The Chamber of Commerce had taken the Air Force to task for contrails which, it said, impaired Palm Springs' "aureole skies" and vacation desirability.

"That story was printed everywhere," another councilman remarked.

THE COUNCIL was made particularly aware of the attention the Chamber's blast received. A letter from a Cathedral City woman and another letter signed by six lieutenants in Germany were read to the council.

"It would seem that Mr. Cooper could well spend his time on more worthwhile projects than worrying about vapor trails in the sky," Ruth Wilson of Cathedral City wrote in part. She specified Ramon Road and the area adjoining the city dump as a logical place for Cooper to begin.

THE LETTER FROM Germany was even more pointed. It said that because of civilian demands for "privacy," the Air Force was forced to fly so high "that the only realistic training so badly needed by our crewmen would come in an actual war."

The letter said that without professional airmen manning the nation's planes, the "thin contrails could change to an ugly mushroom cloud."

"Control of vapor trails?" the letter concluded. "Ridiculous!"

MAYOR FRANK Bogert said that he sympathized with the overseas airmen.

"The city council," he said, "is greatly concerned over the sonic blasts. We don't care about contrails."

The council, with one member noting that the sonic booms had been coming at the rate of "more than ten a day since the contrail thing came up," decided to ask March AFB to send some brass down to negotiate peace again.

PAIR TO DISCUSS Incorporation of DHS at Meeting
CATHEDRAL CITY — An explanation of progress in incorporation for Desert Hot Springs will be detailed when the Cathedral City Chamber of Commerce Breakfast Club holds its December meeting at 7:30 a.m., tomorrow, in Tops Restaurant at Tramview.

\$9,000 Given as Parking Deposit
John Huff, co-executor of The Center with the Security - First National Bank, has deposited with the city \$9,000 in lieu for parking so that a restaurant can be installed in the building formerly occupied by the liquor store across from the Desert Inn gale. The payment was in lieu of six parking spaces.

Roundabout Way
DECATUR, Ala. — (UP) — The state-owned yacht Alice had to travel about 1,400 miles to reach this north Alabama city from Mobile, only 300 miles to the south. There is no navigable waterway between the cities and the 80-foot luxury cruiser had to go by way of the Mississippi, Ohio and Tennessee Rivers to reach its new duty station with the State Docks Department.

FLOYD STIMSON, 39, of 34-312 Date Palm, is shown after he fell from two stories up on the new addition of the Bank of America building in Palm Springs. Police officer Bob Sandeffer kneels by the injured man awaiting the arrival of the ambulance. Stimson was drilling a hole on the roof of the building when he apparently took hold of a steel reinforcement rod, and a shock caused him to lose his balance. He fell some 20 feet and struck a small platform landing, went over the side of it and fell another 15 feet to the cement floor. At the Desert Hospital he was treated for lacerations of the head and back injuries, with his condition listed as good today. (Desert Sun Photo)

Johnson Rated as Best Ever

By OSCAR FRALEY
United Press International
NEW YORK (UPI)—Bob Mathias looked back over the years and there was utter conviction in his voice.

"I have played football and most other sports," said the two-time Olympic king, "and for sheer physical demands nothing can touch the decathlon."

What brings this to mind is the National AAU voting currently being conducted to select the winner of the Sullivan Award, the nation's most coveted amateur athletic trophy.

Named on the ballot are two swimmers, a pair of track aces, a figure skater, a weight lifter and a wrestler. They are, in order, Sylvia Ruuska of Berkeley, Calif.; Frank McKinney of Indianapolis; Glenn Davis of Ohio State; Rafer Johnson of UCLA; Dave Jenkins of Colorado Springs; Tommy Kono of Honolulu and Terry McCann of Tulsa.

EACH AND EVERY ONE of them deserves the honor.

Yet, without attempting to prejudice anyone else's vote in any manner, this is just to say that in this corner there can be but one winner.

That's Johnson, the National AAU world record holder in the decathlon who this summer proved himself to be the greatest all-around athlete in the history of recorded sports.

Back in the days before the stop watch, it is possible that there may have been someone who could run faster, leap higher and farther and toss assorted implements for longer distances. But no one on record ever matched his all-over ability.

That goes for the immortal Jim Thorpe, eight of whose 10 decathlon marks were surpassed by the barrel-chested Rafer. It goes for Mathias and also for Russia's Vasily Kuznetsov, both world record holders who saw their marks disappear under the might of Johnson's muscular arms and legs.

THE CLINCHER CAME in a head-and-head meeting at Moscow last summer with the Russian star. Kuznetsov held the world mark of 8,014 points. When it was over, Johnson held the new world mark of 8,037 points in what even the Russian press hailed as a performance "that will dignify the history of world athletic records for a long time to come."

The other performed prodigious feats, too. Davis, the Olympic 400-meter champion, won that event, the 400-meter run and was on the winning, 1,600-meter relay team in the dual meet against Russia.

Jenkins is the two-time U. S. figure skating champion. Kono is a marvel who has broken world weightlifting records in four divisions. McCann, a two-time national wrestling champion, was the only man to go without a defeat in a meet with the Russians. McKinney holds four national backstroke titles and two American records.

MISS RUUSKA WAS a bronze medalist in the Olympics at the age of 14 and holds a total of six national championships.

All of them are champions and, even more important, sportsmen of the highest type. Any one of them would be a fit winner of the Sullivan Award.

But from this angle, one stands out head and shoulders over every athlete in the world this past year. As George Eastment, the coach of the American team at Moscow, summed it up:

"Johnson is truly the world's greatest athlete."

Colts Leading Total Offense Team in NFL

PHILADELPHIA (UPI)—The Baltimore Colts, champions of the Western Conference, nosed out the Los Angeles Rams for the 1956 total offense crown of the National Football League by 133 yards.

The Colts, who will meet the winner of next Sunday's Cleveland-New York game for the NFL title, netted 2,127 yards on the ground and 2,412 in the air for a total of 4,539. This was 133 better than Los Angeles' 4,406, fashioned from 1,734 rushing and 2,672 passing.

Despite its 2,127 yards on the ground, Baltimore was forced to play second fiddle to Cleveland, which took laurels in that department, taken singly, with 2,526 yards.

Pittsburgh, meanwhile, swept to the passing title by amassing 428 yards via the air lanes in its 38-21 triumph over the Chicago Cardinal last Saturday. The Steelers finished with a total of 2,572 to outdist Philadelphia, which had 2,697 after setting the pace through virtually the final half of the season.

The San Francisco Forty Niners, however, displayed the keenest passing in the league, topping all other teams with a 58.2 percentage, followed by Cleveland's 53.4. The Californians attempted 383 passes and completed 223 for 2,483 yards. The Browns tried 206 and clicked on 110.

The crashing Colts turned out to be 1956's most prolific scorers in the NFL with 381 points. Los Angeles was next with 344.

BILL CORUM, LEADING SPORTS WRITER, DEAD

NEW YORK (UPI)—Death caught up with Bill Corum, one of the nation's most popular sports writers, before he could finish his autobiography.

The 63-year-old New York Journal-American columnist, who also served as president of the Churchill Downs race track and impresario of the Kentucky Derby, died Tuesday night of lung cancer at St. Luke's Hospital.

"Try to keep me going so I can finish my book," Corum told his physician and long-time friend, Dr. John S. Davis Jr., only Tuesday morning.

"We tried awfully hard and so did Bill, but it was too late," Dr. Davis said. "I asked him, 'How do you feel, Bill?' when I visited him early last night. He blinked his eyes a couple of times but didn't reply. Then he died."

Corum had been in and out of the hospital since he contracted pneumonia during the World Series in October. He resumed writing his column about a month ago but felt so weak he returned to St. Luke's last week.

The roundfaced, jolly "amateur horse player" never saw another typewriter.

RECORD CROWD TO SEE PLAY-OFF

Giant Officials Stop Ticket Sales for Championship Game with Cleveland Browns

NEW YORK (UPI)—The New York Giants, after enjoying an extra day's rest for their come-from-behind victory over Cleveland, resumed practice today for Sunday's Eastern Division playoff game with the Browns at Yankee Stadium.

The Giants' spectacular sweep of a 13-10 verdict last Sunday forced a tie for the Eastern crown and gave New York its biggest ticket rush in the club's history.

Giant officials announced Tuesday night they stopped the public sale of tickets for Sunday's National Football League game after selling more than 50,000 duets in 36 hours.

"We have enough mail orders to use up what few tickets we have left," one harried official said, "and people are lined up down to the street waiting to buy." The club's office is on the 16th floor.

The only tickets available Sunday will be the 12,000 bleacher and 5,000 standing-room tickets that go on sale at the stadium.

Broadway oddsmakers are rating the game as a "pick-em" affair, with a better giving 11 to 10 odds no matter which team he backs.

If the Giants win, they will host the Baltimore Colts in the championship game. The front office has already announced a scale of ticket prices for a title encounter. Box seats will sell for \$10; reserved seats, \$7.50; bleacher seats, \$4, and standing room, \$5.

Writers Vote Moore Year's Best Fighter

NEW YORK (UPI)—Light heavyweight champion Archie Moore, the ring's marvellous Methusalem, was named "Fighter of the Year" today by the Boxing Writers' Association.

The BWA unanimously voted him the annual Edward J. Neil Award for outstanding contribution to the sport during 1958. His greatest contribution was last week's heroically dramatic defense against Canadian Yvon Durelle at Montreal.

When informed of his selection, Archie declared, "Oh, great! All my life I've been fighting toward this. It's the richest reward of my career."

The writers also voted the James J. Walker Memorial Award for long and meritorious service to Brooklyn's Sam Taub, once secretary to the famous Bat Masterson and long-time boxing writer and radio announcer. He has been the association's recording secretary for nearly 30 years.

Moore, 42 or 45, and Taub, 72, will receive their plaques at the writers' dinner next month.

Best Ball 51 Wins Tourney

Ken Evans, Ted McKinney, Eddie Myerson and Tom Haley made up the winning foursome in Tuesday's weekly Men's Choose Up play at O'Donnell Golf Club.

Their card was a low best ball 51.

Other scores Tuesday:
15—Dr. John M. Johnston, S. L. Savidge, Bernard Duffy, Don McDermott.
16—Howard Lilly, Floyd Turner, W. Paul Jones, Fred Nicholson, George Robertson, Chase Garfield, Dock Cochran, Harry DeVenney.
60—Jack Bailingier, R. H. Fleet, George Howard, Maynard Laswell, 61—James Adamson, Arthur Bailey, Larry Sitter, J. R. Townsend.

Perkins Favored 2-1 Over Vasquez

WASHINGTON (UPI)—Eddie Perkins, 21-year-old Chicago lightweight, pits his youth and close-quarter hitting against the speed and long-range trickery of Mexican Baby Vasquez, 27, tonight at the New Capitol Arena.

Their 10-rounder will be televised nationally by ABC at 10 p.m., e.s.t.

Perkins is favored at 2-1.

Bowling

MONDAY NIGHT LEAGUE
Pink Burro bowlers increased their lead in the Monday Night Mixed Doubles league when they took a 4-0 game while their nearest rivals, Hoams Pools and Joe Berta's Richfield were set back 1-3 each. Dill Lumber, 3-1 Monday night, drew closer to second spot and Murray's Trailer Sales also went up with a 3-1 night. Pascal and Sons dropped the 0-4 verdict to the leaders.

Standings as of today: Pink Burro, 35-13; Hoams Pools, 28-20; Joe Berta's, 28-20; Dill Lumber, 25-23; Murray's, 18-30; Pascal and Sons, 10-38.

Monday night Dill Lumber rolled the high team series, 1926, and the high game, 701.

Betty Ostad was high for the women with a 518 series and a 182 game.

For the men, Bill Hendricksen had a 571 series and Bill Christy a 200 game.

Indians Subdued by Colton High, 62 to 33

Bs Also Defeated by 36-33

Colton High, 1957-58 champions of the Citrus Belt League, caught the Palm Springs Indians flat-footed on the Hub City floor Tuesday night and belted them 62 to 33. In the first game two weeks ago, Colton barely edged the Tribe 59-56 but last night they had their full strength going with four returning lettermen from the championship club in action.

The quartet had been busy with CIF football play-offs when the two teams clashed the first time.

RON HUBBS, ace guard for Colton and ranked high in the CIF, bucketed 19 points to be leading scorer for the game.

Stan Cirata of the Indians had 13 for second high honors.

The game started smoothly enough with the Yellow Jackets holding a 17-14 lead at the end of the first quarter. But then they drew away and at half time topped the Indians 26 to 17.

THEY MADE IT safe in the third period which found Colton ahead 41-22 and picked up 21 more in the final period while the Tribe got 11.

Palm Springs Bees also ran into trouble losing to Colton Bees 33-36. Marty Burke scored 21 of the Papoose 33 total.

The Indians now have ten days off, their next game being December 21 when they meet Needles High in the Banning Holiday tournament.

By quarters last night:
Palm Springs 11 6 8 11-33
Colton 14 12 15 21-42
Palm Springs scoring: Cirata, 13; Lewis, 6; McFarland, 3; Burke, 3; Ivey, 2; Jones, 2; Lilley, 2; Strauss, 2.
Colton scoring: Hubbs, 19; Houseley, 9; Hernandez, 11; Doty, 5; Rothwell, 2; Quarrell, 2; Lewis, 2; Ritchie, 2; Bapista, 1; Baxter, 1.

Stables Makes It Four in a Row In City League

Smoke Tree Stables quintet made it four in a row Tuesday night when they defeated Chuck's Welding Shop in a City Basketball League game on the high school floor, 63 to 34.

The winners held a slim 25-22 lead at half time but pulled away in the third quarter when they scored 24 points and added 19 in the fourth.

Jim Erickson of the Losers was high man for the evening with 22 points, two-thirds of his team's total.

For the winners, Wayne Clines dumped in 21 points and Wilford Lucas, 17.

In the second game of the evening Mazulla Masonry scored its first win by default—from Laury's Steak Ranch, last year's champions. Through a mix-up in dates, the Steak Ranch failed to show up. Last year the only defeat charged to Laury's was on a default.

The results left the standings today as follows: Smoke Tree Stables, 4-0; Laury's, 2-1; All Stars, 2-1; Mazulla, 1-2; Chuck's Welding, 1-3; Bonnie Electric, 0-3.

Last night's scores:
Chuck's Welding 10 12 10 2-34
Smoke Tree 15 10 24 19-63

S. F. Fans Rated As Nation's Worst

By HAL WOOD, United Press International
SAN FRANCISCO (UPI)—Move over, Boston, Mass., and Columbus, Ohio, and the rest of the belligerent sports cities.

Let San Francisco take over as the most intolerant sports town in the nation.

The city by the Golden Gate, once noted for having the most fair-minded sports people in the world, now has developed a band of vicious, blood-thirsty, name-calling "fans" who won't take "no" for an answer from authorities.

Just the facts:
—Herman Franks, very competent third base coach for the San Francisco Giants during the 1958 campaign, resigned under the consistent booing and abuse given him by the fans because rookie runners wouldn't heed his instructions and were thrown out going for home.

—FRANKIE ALBERT quit a coach of the Forty Niner football team because he didn't want his family to have to stand the abuse from the so-called fans who flamed him for every defect in the 1958 machine.

—Two National League umpires, Ken Burkhardt and Vince Delmore, were beaten up by an enraged fan as they went to dinner at a North Beach restaurant last year.

—In 1956, police had to put in riot calls twice at Seals Stadium because fans streamed out of the seats to attack an umpire. One woman was injured in one of these attacks, during which the umpire swung his mask to protect himself. The woman sued the Seals management, of all things, and won!

—At Stanford this year a near-riot broke out between students of Stanford and Southern California rooters after the game, with undreds swinging fists at the same time.

—At Kezar Stadium on Sunday, Los Angeles (UPI)—University of Southern California took an easy, 76-56 win over the University of Hawaii Tuesday night to claim its fourth straight basketball victory of the season. The teams meet again tonight.

CC Realtors Approve New Multiple Plan

CATHEDRAL CITY — Formal reading of the rules and regulations governing the Cathedral City Real Estate Board's Multiple Listing Service were read and approved at a breakfast meeting of the board held yesterday.

The service, patterned after the Riverside multiple listing program, won a unanimous adoption by the Realtors.

Rules call for 100 per cent participation of board members, with the service interchangeable with the multiple listings of Palm Springs, Indio and other boards that utilize the service. The rules will be printed and distributed to all members.

The program has created greater adherence to ethical practice in locales in which it has been adopted and Cathedral City Realtors believe that its adoption will bring closer cooperation for their members with other Coachella Valley boards.

Next meeting of the Cathedral City Real Estate Board was set for Dec. 30.

Colorado River Project Gets Green Light

A resolution was adopted by the Board of Supervisors this week authorizing the planning commission to proceed immediately to acquire property and develop projects for recreational use on the Colorado River with first priority to proposed development on both sides of the Highway 60-70 bridge east of Blythe.

Also approved was application for financial assistance by the California Small Craft Harbors Commission for the development near the bridge as well as other for other proposed recreational projects along the river, the amount and conditions to be determined after further conference and analysis of the proposed plans.

The estimated cost of the complete project is \$700,000.

Supervisors Make It Official, Air Pollution Control Hearing Is Jan. 5

The Board of Supervisors adopted a resolution this week definitely setting Jan. 5, the date they tentatively decided upon last week, for a public hearing on proposed rules and regulations for the county's air pollution control district.

No change was made this week in spite of insistence by Enos Reid, attorney for the Riverside

Cement Company division of American Cement Corporation, that some sections be replaced by his alternate proposals before the Jan. 5 hearing. However, several alternate proposals submitted by Reid, and several alternate proposals submitted by County Counsel Ray T. Sullivan, Jr., were accepted by the board for consideration at the hearing.

A QUERY BY Bryant A. Chandler, executive secretary of the Riverside County Farm Bureau, as to whether the board will consider any alternate proposals presented between now and the Jan. 5 hearing, brought a protest from Sullivan.

"We've been working on these rules and regulations for over a year," said Sullivan. "It's a little

late for anyone to come in with a whole new shebang. A whole new and different set of resolutions will be treated with considerable unhappiness."

SUPERVISOR PAUL Anderson, board chairman, pointed out that the board had held over the actual setting of a hearing date last week in order that alternate pro-

posals might be submitted, thereby setting this week's meeting as a deadline for receiving proposals for major changes.

Reid and Sullivan each submitted six alternate proposals, three of which were on the same sections. One of the three proposals was identically worded, merely adding a few words to the section on Record of Proceedings. The

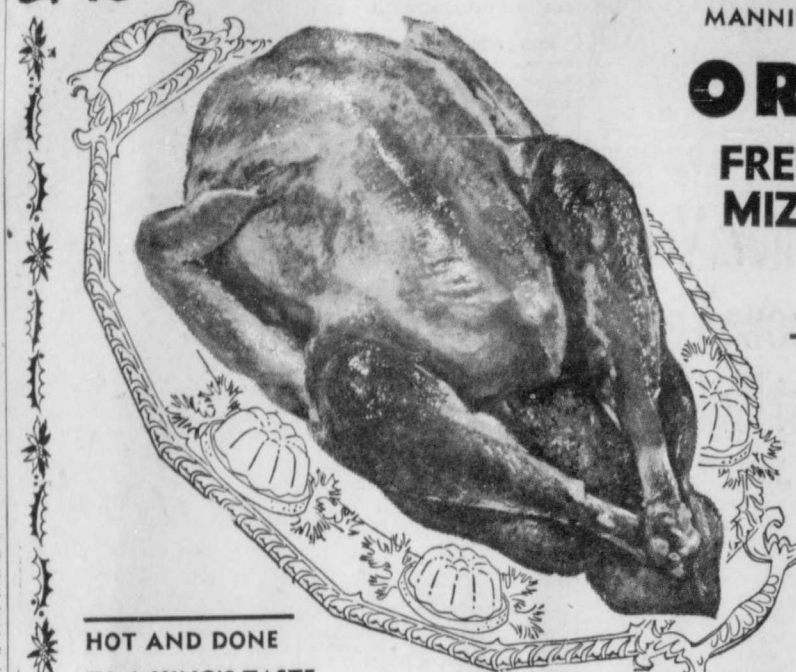

other two were on Rule 10, the section requiring a permit to construct and operate, and Rule 13 automatically granting a permit to industries already in operation and complying with existing laws.

Sullivan said that most of the alternates he presented resulted from conferences in his office with industrial representatives since the first of December.

City of Hope Hawaiian Night Planned

The Gala Hawaiian Night in Palm Springs to be held at the Desert Inn on Wednesday, January 14, will be a major money-raising event of the year for Palm Springs Chapter City of Hope.

There will be continuous music on the grounds, fun and entertainment for all, according to Mrs. Betty Jacobs, chairman for the event, who is inviting everyone in Palm Springs to attend. An all-expense trip to Hawaii for two will be an attraction.

Mrs. Melba Blum, program director, is arranging for several radio, television and movie stars to be present.

Waltah Clarke, of the Waltah Clarke Hawaiian shops, will be on hand to furnish the real Hawaiian treatment, with a three-piece Hawaiian combo, an Hawaiian style show, and exotic island leis for all attending.

Tickets for this big benefit for the City of Hope National Medical Center at Duarte, will go on sale after New Years. Further information may be had by calling Mrs. Fae Brezin, president; or Mrs. Rae Gholstin, membership chairman.

Little Folks To Appear in Nativity Play

A Nativity Scene enacted by two, three, four and five-year-olds will highlight the Christmas story program which Community Church Play School is giving Friday morning, December 19, at 10 o'clock. The audience will be made up of parents and friends, and the program will be in the Primary Department at the Church.

The cast of the Nativity Scene will be: Elaine Bock (4) as Mother Mary; Tommie Davies (4) as Joseph; Eugene Mataress (3) as Baby Jesus; Mike Olson (5), Eugene Woodfin (4), and Billy Herbert (4), shepherds; Biff Blashek, Charles Harris and Stevie Chapman (all 3) Wise Men; James Rain Bolt (4) Angel with the Star of Bethlehem. Three-year-old Polly Tarr will sing two solos. Tex Kidwell, singing master of ceremonies, will be presented by Mabelle Ostberg, director of the Play School.

Most of us transplanted middlewesterners . . . remember when we made real snow men for Christmas . . . instead of wrestling with plastic snowmen on sunny rooftops . . . and the Angel on our mountains . . . still reminds us of the angel figures we used to make in the new-fallen snow . . . just by sweeping our arms up and down to make wings . . . We know what a cedar tree looks like under a crushing load of soft snow . . . and how the bare branches of a maple tree glitters under a coating of ice . . . We can work up a little nostalgia about a Grandma Moses landscape . . . with snow on the ground and smoke coming from the chimneys . . . and about frost-starved window panes . . .

But . . . all these years in Southern California (38 of them) must have softened us . . . for we remember too . . . the melting snow and wet feet . . . the trickiness of walking on slippery ice . . . the smell of coal smoke and soot blotches on the glazed-looking, week-old snow . . . overheated rooms and drafty hallways . . . trying to see through a snow-packed windshield that never quite yields to the frantic whirring of the wipers . . . and suddenly even a Currier and Ives winter scene can lose its charm . . .

There's no place . . . but no place like golden California . . . and our own sunny Palm Springs . . . where the holidays are bright ones . . .

THE SHRINE CLUB of Palm Springs held its annual Christmas dinner at El Mirador Monday evening with around 275 Shriners and their wives and guests in attendance. Presiding at the dinner was Shrine Club president Walter Melrose, on right. Standing with him is president-elect Max Grone, who takes office after the first of the year. Seated in front of the men are their wives, Mrs. Grone, on left, and Mrs. Melrose. (El Mirador Photo by Conrad Hug)

Shrine Club Has Dinner

Red-ferzed Shriners and their wives and guests filled El Mirador's big diningroom with pre-Christmas gaiety Monday evening, as the Palm Springs Shrine Club held its last big affair of 1958, their annual Christmas dinner. There were around 275 in the crowd which included a delegation of 12 from the Banning-Beaumont area.

Shrine Club president Walter Melrose presided for the last time, and introduced the newly-elected officers, who will take office after the first of the year. The new officers are: president, Max Grone; 1st vice president, Robert Winslow; 2nd vice president, Jerry Sanborn; secretary,

A. Dewey Carter; directors, Reginald Venable, Herbert Burns, Haig Harris, Jack Pyle, John Baie, M. I. Hackett, and James Cavett. Melrose, himself, will become Potentate's Ambassador.

Also introduced were the 15 new members of Al Malaikah Shrine, who were candidates at the big ceremonial held here in Palm Springs last summer.

Potentate MacGregor, who had expected to be present sent a telegram expressing regret that he was unable to keep his engagement.

The entertainment, emceed by El Mirador's popular singing cowboy Tex Kidwell, included songs by Mrs. Robert Bedford, who was

formerly with Fred Waring's orchestra, harmonica players, a ventriloquist, and dancing to the music of Billy Allen's orchestra. The dinner committee included Jack Pyle, Robert Winslow and Reginald Venable. The latter was unable to attend, however, as he and his wife actress Faye Bainter sailed that evening on a month's holiday cruise that will take them to San Juan, Puerto Rico.

Style Show to Highlight Opening

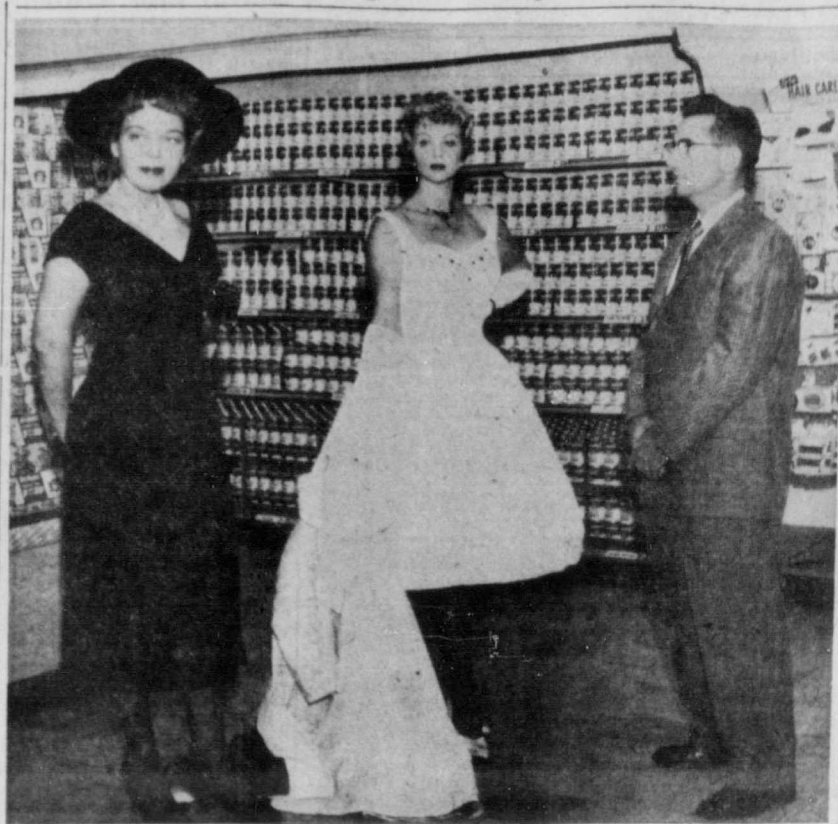

Sunrise to Sunset Is Theme

"Sunrise to Sunset" themes the fashion show which will be staged in the patio at the Huddle-Springs Friday as part of the gala festivities in connection with the Grand Opening of the New Mayfair Market at Cameron Center. The show which starts at 12:30 p.m. will be open to the public without charge.

Presented by Ruby Allen, fashion coordinator for John Robert Powers, the show will offer fashions from Diamond Head, Fiesta Fashions, Mancini Resort Fashions, Ross of Palm Springs Western Wear, Diane Hand knits, and Nan-ee's of Palm Springs, modeled by Powers models Lori Robinson, Joy Rose, Paulette Adams, Linda Kennedy, Barbara Dunnington, Lydia Kimerly.

From Little Folks Cottage, Maloofs and Mary Helen's, the latest in children's wear will be shown by Kandy Lee Allen, Vance Meadows and Judy Ann Allen. Shoes come from Grone's Children's Bootery.

The models will wear jewelry from Jolie Gabor to accentuate the "Sunset" fashions and shoes from Sam Bork. Hair styles will be by Irene and Mr. Frank. The style show will be commented by Alyce Walker of KCMJ, and background music by pianist Lillian Udow.

A COCKTAIL DRESS trimmed in purple sequins, with matching coat, is being modeled by lovely Ruby Allen, fashion coordinator for John Robert Powers, as she will model it Friday for the style show which is to be a part of the opening festivities for the new Mayfair Market at Cameron Center. On left is Alyce Walker of KCMJ, who will commentate the show, and on right is Jim Streeter, manager of the new market. (Desert Sun Photo)

Breakfast Club Plans Installation

Installation of the new officers of the Credit Women's Breakfast Club of Palm Springs will take place tomorrow night December 17 at 7 p.m., at Laurie's Steak Ranch.

Officers to be installed are: La Vaun Bell, president; Ellen Hair, vice president; Eve Russell, recording secretary; Bernice Kozen, corresponding secretary and Betty Hamilton treasurer.

Other members of the newly-formed club are Carol Kirk, Mary McGraw, Mary Ann Helms, Adelaide Wall, Elsie Ades, Lucille Johnson, Margaret Braten, Pauline Cornman, Val Davis, Elizabeth McAfee, Edith Dinning and Kathleen Sullivan.

Mrs. Ernest Bleckhorn of Santa Monica who is flying down for the occasion, will be guest speaker for the evening. Entertainment will be provided by Sam Groce, who will sing accompanied by Mary Hoover.

Installing officers are Margaret Moore, past president of Riverside Credit Club, and Mary Devlin, president of the Riverside Club.

Guests will be the husbands of the officials being installed; Jimmy Cooper, Chamber of Commerce; Tom and Margaret Grier, and George Hair, manager, and owner of Credit Bureau of Palm Springs and Coachella Valley.

The regular meeting of the Club will be held on the third Wednesday of each month, 7:30 a.m. to 8:30 a.m., with the location to be announced later.

A.A.U.W. Has Christmas Dinner Party

A Christmasy atmosphere prevailed in Deep Well's diningroom Tuesday evening, when members and guests of the local chapter of the American Association of University Women held its annual Christmas dinner party.

Red Christmas bells were suspended from the ceiling. Decorations in pink and gold made attractive arrangements for the tables which were spread with pink tablecloths. The miniature Christmas trees were in pink, green and white and there were pink tapers in gold candlesticks. A big bowl of vari-colored asters adorned the president's table.

Happy Holidays themed the friendly welcoming speech by the Association president Mrs. Frederick Morrison. The evening's en-

Schoenfeld Sisters Debut at Carnegie

Word has been received by Harry Tomlinson, musical director of the Music Society of Palm Springs, that Alice and Eleonore Schoenfeld, violinist and cellist, will make their Carnegie Hall debut

on Friday, December 19th. The sisters, who are flying to New York to prepare for their concert, have delighted audiences in Palm Springs on several occasions when they appeared here in recital under the auspices of the Music Society. Particularly memorable are Alice Schoenfeld's interpretation of the Bach "Chaconne" and their playing of the Kodaly "Duo" for which they received highest praise from Albert Frankenstein, San Francisco music critics.

TB Scientists Worried About Public Disrespect Drugs Said Not Answer

By DELOS SMITH

NEW YORK (UPI) — Tuberculosis scientists aren't happy about the public's increasing disrespect for tuberculosis. Regardless of the wonderful new drugs that have made it easier to cure tuberculosis, it cannot be forgotten that TB remains a communicable disease which may menace anyone.

The principal anti-TB drugs are streptomycin, isoniazid, and para-aminosalicylic acid or PAS. They slaughter tubercle bacilli by the multitudes, but neither in the first onslaught or in many onslaughts can they kill all the bacilli in a tuberculosis lung.

THREE TO SIX months of daily drug taking are usually necessary before the patient's sputum contains no bacilli. This means lung destruction has been arrested and the patient can be turned out of the hospital, since he can no longer transmit his disease to others. But he may well contain bacilli still. They are "sleeping" but will awake and multiply. Then lung destruction resumes and he is a TB transmitter again. That happens, of course, only if he stops taking a drug. He must not stop for a minimum of 18 months.

ANOTHER POTENTIAL menace to public health is the fact that 35 to 50 million Americans are "positive" to the tuberculin test which means their defensive chemistry once engaged tubercle bacilli successfully. They were attacked but didn't succumb. But bacilli "sleep" in many of them and make them both tuberculous and TB-spreaders. Practically all the new cases come from "positive reactors."

Still another danger is that of the estimated 800,000 active and inactive cases of tuberculosis in the United States — one half unknown to public health authorities or private physicians.

TB IS CONSPICUOUSLY a waxing and waning disease. An active case is one in which the disease is on the upswing; when it swings downward the case is inactive—until it swings up again.

To have some 400,000 of these unsupervised "unknown" carriers around spreading bacilli displeases public health authorities. They and tuberculosis scientists don't want to panic anyone, and have no need to. It can be demonstrated mathematically that tuberculosis is on its way out in the United States and Western Europe, and certainly the chances of any healthy person catching it are infinitesimal compared to what they used to be.

BUT SO LONG as tubercle bacilli exist in any individual, family, community, city or nation public health is endangered in some degree. Despite the relatively low estate of TB today, the federal, state, and local governments, plus private organizations such as the Christmas Seal supported tuberculosis societies, are spending approximately 775 million dollars on it annually.

This money goes to treat new and old cases, to find the bacilli-spreading unknown cases, to seek new and more effective anti-TB drugs, and to explore the remaining mysteries concerning the disease and the bacilli.

Tuberculosis scientists and public health authorities would like a knowledgeable public, rather than an indifferent, complacent one, in order to wipe out the disease sooner than it could be otherwise.

FLOATING THE "SMALL WORLD," these intrepid balloonists went aloft from Tenerife, Canary Islands, hoping to span 3,000 miles of the Atlantic and land between British Guiana and British Honduras. They are Colin Mudie, 32-year-old naval architect and pilot of "Small World," and his wife, Rosemary, chatting with Arnold Eiloart, 51, fellow explorer. Eiloart's son, Timothy, 21, made up the crew of four. Rosemary will be the cook.

LEGAL NOTICES

No. 551
NOTICE INVITING BIDS FOR BUILDING MOVING

Notice is hereby given that the City of Palm Springs, hereinafter termed "Owner," hereby calls for sealed proposals to be delivered to the office of the City Clerk, 3200 McCallum Way, Palm Springs, California, until December 31, 1958, at 2 o'clock P. M. at which time and place said bids will be opened and read aloud in public for the PALM SPRINGS HEALTH CENTER RELOCATION, Palm Springs, California. Each proposal shall be in accordance with specifications and other contract documents prepared for this work by John Porter Clark, Architect, 169 Loring Drive, Palm Springs, California. Specifications and other contract documents may be obtained by prospective bidders from the office of the Architect upon the posting of Ten Dollars (\$10) per set.

Pursuant to the Labor Code of the State of California, the Owner has determined that the minimum wages paid on this project shall be not less than those set forth in the following wage schedule:

Classification	Per Hour
Carpenter	\$3.25
Cement Mason	2.40
Electrician, Journeyman Wireman	2.50
House Mover, Journeyman	2.75
